

## Problem Set 1 (Project Milestone 1) — Due Tuesday, April 11

For this milestone, please do the following:

1. Find a partner;
2. Pick a topic<sup>1</sup>;
3. Familiarize yourself with wiki usage enough so that you can create an account on the CSIF wiki and edit it; and
4. Sign yourself and your partner up for your topic on an open time slot on the presentation wiki<sup>2</sup>.

In the event of a topic collision between you and another group, we give precedence to the group that first posts the topic to the presentation schedule wiki page.

For project topic suggestions, visit <http://www.cs.ucdavis.edu/~rogaway/classes/188/spring06/project/index.html>.

You will find the presentation wiki pages at <http://csifdocs.cs.ucdavis.edu/tiki-index.php?page=ECS+188-001> and <http://csifdocs.cs.ucdavis.edu/tiki-index.php?page=ECS+188-002>.

---

<sup>1</sup>If this proves difficult, brainstorm a list of three topics and email them to us and we will help you select from among them.

<sup>2</sup>If you haven't settled on a topic, use your currently preferred topic among the three that you emailed us.
