

## Problem Set 9 – Due Friday, March 15, 2019, at 11:59 pm

**Problem 28.** Do all course evals for all of your classes, turning in thoughtful comments for each of your classes, including ours. (By “thoughtful” I mean “reflective” or “manifesting careful thought.”) After you’ve done this, upload as PS #9 a one-line statement that you have done so.

This homework problem will count as 10 points, just like every other homework problem.

Good luck on your finals, and
